

Oregon Registry and Education Awards Data Report as of June 30, 2010

The **Oregon Registry: Pathways for Professional Recognition in Childhood Care and Education** is a voluntary, statewide program to document and recognize the professional achievements of people who work in the childhood care and education profession. The Oregon Registry Steps show the sequence from Enrollment through Step 12 within the Oregon Registry. Each step represents increased training and education in the Oregon Core Body of Knowledge for the Childhood Care and Education Profession.

As of June 30, 2010 there is a total of 16,961 non-duplicated Oregon Registry awarded Steps (**Table 1**). This includes 2,274 at "Enrollment", those who have filled out the Enrollment Form only. Step 1 has 7,249 and Step 2 has 4,556 awarded steps. The numbers of participants at Steps 1 and 2 are higher because they mostly include Enhanced Rate Eligible family child care providers. The majority of these providers received their Steps 1 or 2 automatically as they became newly registered or renewed their registration through the Child Care Division (CCD). To achieve a Step 3 or above an applicant must submit an Oregon Registry application documenting the training and education required for the step. As of June 30, 2010, there are a total of 2,882 steps awarded for Steps 3-12; this is an increase of 1,364 since last year. Overall, the figures show an increase of 2,527 Oregon Registry Steps (enrollment – Step 12) since June 30, 2009.

Of the 2,882 total non-duplicated Steps 3 -12 awarded, there are currently 2,421 active and 461 inactive participants (**Table 2**). When you include Steps 1 and 2, the active versus inactive is close to 50%. Once awarded, an Oregon Registry step belongs to the individual indefinitely. To continue to be listed as "active," participants must complete and return an update every two years that confirms and/or updates currency of information, such as address and phone numbers. Should this update not be returned, the participant is listed as "inactive," although the option to complete an update and to move back to active status is always available.

Oregon Registry participants can document further training and education and increase their step designations. **Table 5** shows step increases within a six month period. In Q3 of 2010 there were a total of 158 step increases and in Q4 2010 with a total of 363 step increases. The progression illustrates the usefulness of a lattice for providers to track their professional development and a commitment of participants to stay actively involved in the field.

Trends have shown a continued increase in participation, for example, overall participation at Steps 3-12 has increased 90% over last year's fourth quarter. These types of increases are undoubtedly a direct result of the state's commitment to the Oregon Registry through the rollout of the Education and Quality Investment Partnership (www.equiporegon.org) Initiative, including

the Oregon's Registry Campaign and the Education Awards. With the introduction of Education Awards incentives program (centerline.pdx.edu/oregonregistry/educationawards) in May 2009 the number of Oregon Registry applications **received** continues to increase.

Year	Quarters 3 & 4
2008-09	654
2009-10	840
Percentage Increase	28%

In July 2009, a two year Oregon's Registry Campaign was begun as another strategy to increase participation in the Oregon Registry. In partnership with the state and regional Child Care Resource & Referral (CCR&R) programs and CCR&R Oregon Registry "Point People," the number of Oregon Registry applications **awarded** has continued to be higher than previous year's quarters.

Year	Quarters 3 & 4
2008-09	253
2009-10	742
Percentage Increase	194%

Of the above step awards, the highest increase has been at Step 10 (122 awards), Step 9 (63 awards) and Step 6 (56 awards). While the higher steps are indicative of an increase of participants with degrees, it is encouraging to see an increase of participation at the lower steps. The following table details the applications approved in the specific quarters:

Step Awarded	Q3-4 2008-09	Q3-4 2009-10	Difference

Education Award

As mentioned above the Education Awards have had a direct impact on participation in the Oregon Registry. Details of the data can be found in the attached data tables, overall participation has held steady since implementation. It is interesting to note that participation of Center staff continues to be higher than both Registered and Certified Family Child Care and that Milestone 3 is consistently much higher in terms of number of awards. To date, all 36 Oregon counties have providers receiving awards.
